

Upper School Trip to the Science Museum

Monday 4th March 2024

Dear Parents,

St James are excited to be taking part in British Science Week next week, a national celebration of science, technology, engineering and maths.

The week promises to be lots of fun with a variety of events arranged, including workshops for every class on Monday, visits for the older children to the Senior School labs on Tuesday, a poster competition throughout the week, and for Upper School children, a trip to the Science Museum on Wednesday.

We will be travelling by tube to the Science Museum, where each class has an activity booked in to look forward to. Year 3 and 5 will be attending two shows in the Wonderlab showspace: *Wonder Show* and *Flash Bang Wallop*. Having learned about sound last half term, Year 4 will be visiting *Turn It Up: The Power of Music* – an interactive gallery. Year 6 will be exploring *Power Up* – an immersive, hands-on gaming experience with consoles from the last five decades.

On the day of the trip, **Wednesday 13th March, please send your child to school with a healthy packed lunch** (no fizzy drinks, sweets or nuts). Children should come to school in their full school uniform like normal. As we will be leaving the school after 09:00 and returning after lunch, drop-off and pick-up times are the same as usual.

Best wishes,

Erik Edwards
