

The background is a vibrant purple and pink gradient. On the left, a male rock star character with a spiky purple and black mohawk, yellow sunglasses, and a denim vest holds a gold microphone. On the right, a female rock star character with black hair and green highlights, wearing a black leather jacket and a green skirt, holds a green electric guitar. The central logo features the text 'TIMES TABLES ROCK STARS' in a stylized font, with 'TIMES TABLES' in blue and 'ROCK STARS' in pink. The logo is surrounded by black lightning bolts and plus signs. Additional plus signs and lightning bolts are scattered across the background.

# TIMES TABLES ROCK STARS

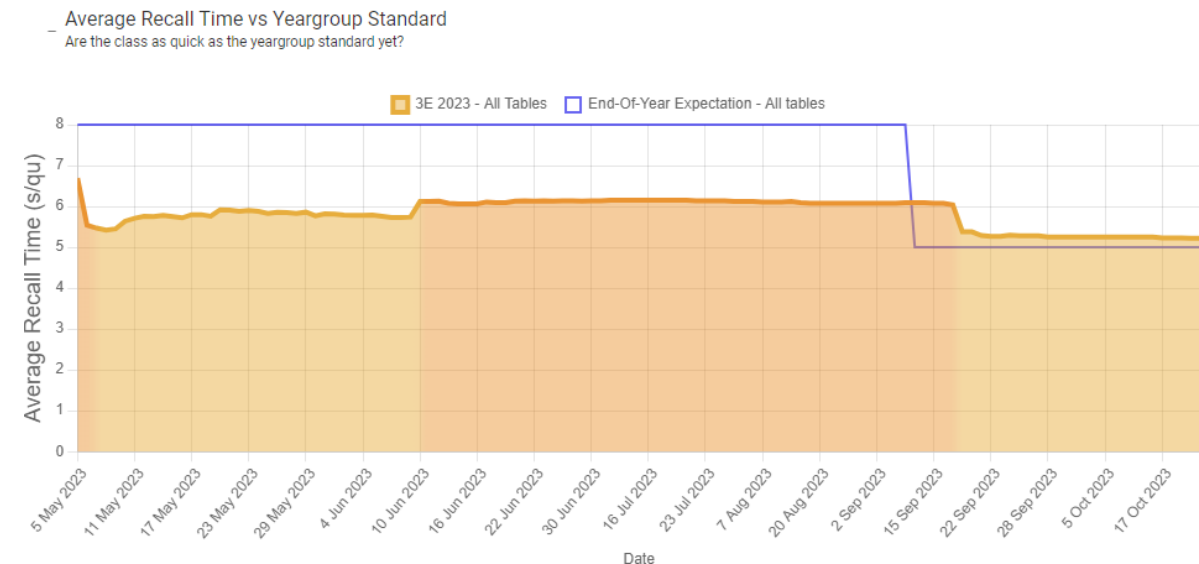

MULTIPLICATION & DIVISION.  
SOLVED.

# Why do we use Times Tables Rock Stars?

ST JAMES  
Preparatory School

- Children must know all the times tables and division facts by the end of year 4
- In Y2, children must know the 2, 5 and 10 times tables but we go further at St James.
- The platform gives us a **huge** amount of data
- TTRS automatically differentiates the learning
- Children can answer a huge number of questions within a very short amount of time
- Children (generally!) absolutely love it!

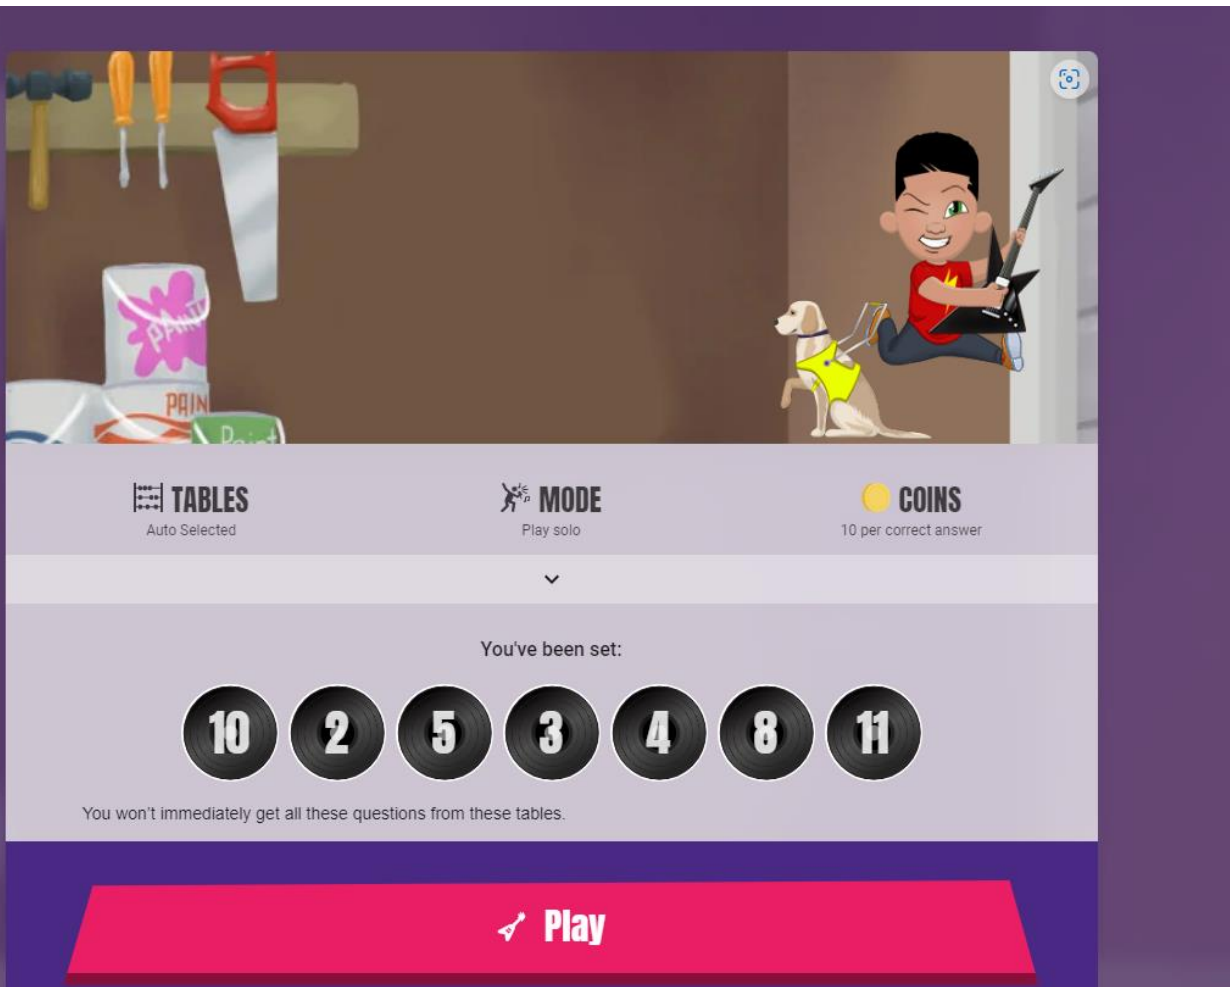

# How does it work?

- Children will receive a letter with a username and password, please don't misplace it!
- Children become a 'Rockstar', children have already chosen their rock star names and chosen some outfits.
- TTRS will be added to the homework timetable, likely to be around 2 x 5 minute sessions in one week. Children should play in 'Garage mode' in this time.

# Garage Mode – mandatory during ‘homework’ sessions

You won't immediately get all these questions from these tables.

In each game, you will focus on the facts you need the most to help you get high scores and complete your heatmap sooner.
