

CPD Policy

St James Senior Boys' School

Aims of the Policy

The principal aims of the CPD Policy are that:

St James Senior Boys' School believe the opportunity to develop professionally and personally both improves standards and raises morale through personal and professional fulfilment and that this in turn assists recruitment and retention. All staff, teaching, support staff and governors shall have an entitlement to equal access to high-quality induction and continuing professional development. All members of the school community will have opportunities through performance management, appraisal and through other mechanisms to discuss their professional development needs.

In order to maintain effective CPD we undertake regular reviews of our CPD, discussed at SMT meetings. The emphasis of our CPD will be to improve the standards in the quality of teaching and learning. CPD planning will be inextricably linked and integrated with the school's improvement plan and will be based on a range of information:

- the needs of the school as identified through its self-evaluation;
- issues identified through other monitoring, eg. ISI quality standards
- national and local priorities, eg. national strategies from DfE, local community priorities etc;
- Performance Management;
- feedback from staff and others including governors, pupils and parents.

In order for CPD to be effective there will be measures in place for both personal and professional needs. There will be links between the school's self-evaluation and the performance management procedures. The school's CPD policy will address the needs created by national and local priorities, the needs of the school as well as individual aspirations, needs and personal fulfilment.

Provision of CPD

St James Senior Boys' School CPD provision will allow staff to develop skills and competencies progressively. The school will support accreditation of the professional development of staff.

We are committed to disseminating good and successful practice that supports and improves teaching and learning. CPD processes will be designed to widen participation, maximise inclusion and minimise bureaucracy. The school will participate in initiatives and projects which can be shown to have a positive impact on staff development; representing good value for money and can be accommodated within the constraints of the school.

Leadership and Management of CPD

The CPD Co-ordinator will receive training to ensure that they are able to fulfil the role effectively.
